

# What Matters to Dan

This Week on

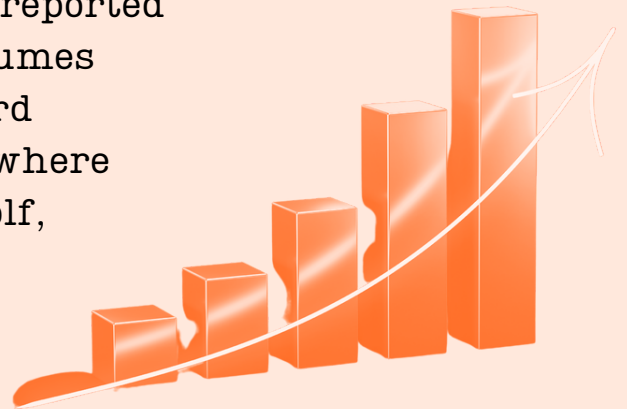

Transport Topics radio host's official study guide for best listening

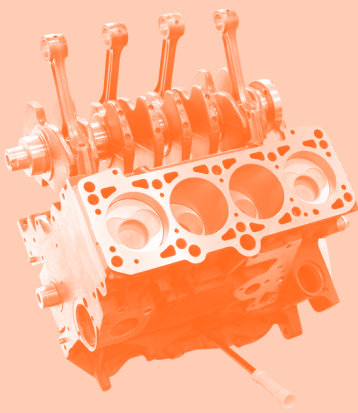

## EARNINGS

Did you know — the trucking industry reported a weak second quarter with freight volumes and destocking efforts putting downward pressure on demand? Find out exactly where trucking's earnings are with Connor Wolf, business reporter, Transport Topics:

<http://ttn.ws/q2earnings>

## INTERNAL COMBUSTION ENGINES

A panel in the House recently approved a bill that would block efforts meant to prevent the sale of internal combustion engines. We wonder though, how long until sustainability goals challenge the predominance of internal combustion engines?

## INFRASTRUCTURE BILL

Bridges collapsing, trains derailing — who's helping the problem? Transportation expert Bill Morris joins us to discuss the implementation of the Biden infrastructure law and some of the challenges state and local leaders are facing.

## TRUCK PARKING

Are there solutions to the truck parking issue? Frank Sonzala may have a solution. Turning abandoned drive-in movie locations and other similar sites into secure, centrally located parking facilities. Read more on the story:
